LMC TRACK DAY Saturday March 14th
More track time this year!!!

Once again, this historic circuit is available for the exclusive use of the Lancia Motor Club. No special equipment is required. You may participate in any Lancia. All you need is a roadworthy car and a helmet. Drive at your own pace, and in your own space. With just five cars running in each session the circuit will seem all yours!

Our own race instructor will be on hand to offer advice and in-car instruction. We operate with strict overtaking rules and right of way to slower cars ensuring the safety of every precious Lancia!

The cost will be £169.00 per car. The circuit will be open from 9.00am to 5.00pm with a one hour lunch break. A queuing system operates and you may join for as many 5 lap sessions as you wish. Members of the LMC may ride as passengers free of charge. Temporary membership is available at £10.00 for non-member passengers payable on the day. Spectators are welcome free of charge.

Please note that the noise limit is 105dB – fine for road cars but noisy competition cars may not pass.

PLEASE PRINT CLEAR ADDRESS DETAILS – Entries will be confirmed by post.
